Sir:

In response to the Office Action dated August 2, 2005, authorization to remove all security markings from the application or obtain a new secrecy order has been requested from the Department of the Navy.

REMARKS

Applicant has been requested to obtain authorization to remove all security markings from the application or obtain a new secrecy order recommendation from the federal agency

responsible for the markings.

Applicants have requested, in a letter dated September 27, 2005 (copy enclosed), to the Office of Naval Research, Department of the Navy authorization to remove all security markings from the application or to obtain a new secrecy order recommendation from the federal agency responsible for the markings. Applicants have communicated with Ms. Tiffany McNair at Tel. No. 703-696-4821 and having e-mail address "tiffany.mcnair@onr.navy.mil"

Respectfully submitted,

Donald F. Mofford

RE: Patent Application No.: 05/944,530
"Dual Channel Delay Sensing Circuit"
Our Ref: 78E005 (formerly 31374)

Dear Ms. McNair:

Raytheon Company currently has a pending patent application having serial No.: 05/944,530.

The application was originally filed as a classified application under the following classification guidance.

Classified by: NAV SEA INST C5511.5 of Oct 1974
Exempt from: GOS E.O. 11652
Exempt Category #3
Declassify on 31 Dec. 2008
Contract No. N00024-75-C-6107

The Patent Office recently rescinded the Secrecy Order on this application and has issued a request to obtain authorization to remove all security markings from the application or obtain a new secrecy order recommendation from the federal agency responsible for the markings.

Please provide authorization to remove all security markings from the application or issue a new secrecy order recommendation to the USPTO.

Thank you for your assistance in this matter.

Sincerely,

Donald F. Mofford
